

I am Fernanda Grebogy from São José dos Pinhais, PR.

I attempted entries to the Outstanding Maternity Award without success, but this did not discourage me; it made me realize that I still had much to improve. It motivated me to study, seek inspiration, strive to be better, and finally, that moment has arrived!

My first photograph awarded by the Outstanding Maternity Award.

Amongst international photographers, with many submissions, to have mine chosen is surreal!

I was extremely happy because I know how challenging it is to have a photograph with this seal.

I know I am on the right path, and it only motivates me to create even better photos!

Gratitude to the Outstanding Maternity Award team for their professionalism and for providing us with this crucial platform for exposure. May this be the first of many!
