

My name is Flávia Pires, and I work in Caçador, a city located in the Midwest region of Santa Catarina, Brazil. I specialize in newborn photography, which is my passion.

I would like to express my gratitude to the Outstanding Maternity Award.

I have been following the contest for some time, but I had never had the courage to submit any photos for evaluation. I used to dream of the day when I would see an image taken by me in that gallery filled with beautiful and incredibly touching images from so many other magnificent professionals from around the world.

In September 2020, I was fortunate to have my first photo awarded in the 15th season. To receive this recognition in such a competitive contest truly fills me with gratitude and a sense of accomplishment—it's the realization of a dream! It assures me that I am on the right path, fighting and studying every day to perfect and improve my work.

This encouraged me to participate in subsequent editions, and to my surprise, I had two more photos awarded consecutively in the 16th and 17th seasons.

I received many messages from clients and new customers congratulating me and requesting quotes. Today, my work has become more recognized in the region, and I frequently receive messages from other photographers wishing to take courses with me.

Is it just a badge? No! It's an enriching recognition that motivates and encourages me to always strive for my best because my photography reflects all my love and dedication.

Thank you very much, Outstanding Maternity Award. My eternal gratitude!

Flavia Pires
