

Outstanding Photo Award: Award-winning photographer – Flavia Pires

Flavia Pires specializes in newborn photography, and she works in Caçador, in the State of Santa Catarina. We know that Flavia invests in studies and is always seeking knowledge in the field of newborn photography. Her baby photos have enchanted some of our galleries, and we have received many messages from enamored mothers.

Flavia conveys a lot of delicacy in all her work, and we can see the love transmitted in each photograph. We can only imagine the 'pride' of the mothers when they receive the final edition of each photo session.
